EDUCATION

Manipal Institute of Technology	Manipal, India
Master of Computer Applications, CGPA: 5.99	August 2023 - November 2025
Mahatma Gandhi Memorial College	Udupi, India
Bachelor of Computer Applications, CGPA: 7.49	September 2020 - August 2023

SKILLS SUMMARY

- **Design & Creative Tools:** Figma, Canva, Adobe Photoshop, Adobe Illustrator, Adobe XD, Premiere Pro, UI/UX Design, Wireframing, Prototyping, Graphic Design, Typography, Visual Design, Layout Design, Video Editing
- **Languages:** C, C++, Java, Python, JavaScript, TypeScript, SQL
- **Frameworks & Libraries:** React.js, Angular, Node.js, Express.js, Django REST Framework, HTML5, CSS3, Bootstrap, Android SDK
- **Tools & Technologies:** Visual Studio Code, Android Studio, Git/GitHub, Postman, Figma, Java Swing GUI
- **Databases & Platforms:** PostgreSQL, MySQL, SQLite, MongoDB, Firebase, SQL Optimization, Oracle
- **Cloud & DevOps:** AWS, Microsoft Azure, Google Cloud Platform (GCP)
- **Soft Skills:** Problem-Solving, Communication, Adaptability, Teamwork, Time Management, Leadership, Critical Thinking

WORK EXPERIENCE

SOFTWARE DEVELOPMENT INTERN ELOGIXA TECHNOLOGY	January 25- June 25
◦ Developed 'TestEase Web Application' for examination management serving business needs ◦ Implemented responsive frontend with React.js and intuitive interfaces enhancing user experience ◦ Built backend APIs using Django REST Framework for secure data management and API development ◦ Integrated PostgreSQL for efficient storage of exam data and results with optimal performance ◦ Added security features like JWT authentication, OTP verification, and session management	

PROJECTS

TestEase Web Application LINK	January 25- June 25
◦ Comprehensive exam system with secure authentication and real-time processing capabilities ◦ Technologies: React.js, Django REST Framework, PostgreSQL, JWT, OTP verification ◦ Features: Exam creation, candidate management, question bank, automated result generation	
Personal Project: Hegde Store — Digital Billing Platform LINK	February 2026 – Present
◦ Full-stack web application for rural retail management with customer authentication, credit/debit tracking, and automated notifications ◦ Tech Stack: HTML, CSS, JavaScript, Firebase (Hosting, Firestore, Cloud Functions), WhatsApp Business API, SMS Gateway ◦ Key Features: Customer account management, transaction tracking, itemized bill breakdowns, WhatsApp/SMS notifications, bilingual interface (Kannada/English), secure admin dashboard with role-based access control	
Salon Management System - "Scissors Sound" LINK	July 2023
◦ Android app for salon bookings and management operations with digital tracking capabilities ◦ Technologies: Java, JavaScript, HTML/CSS, Android SDK for comprehensive mobile solution	
Election Management System LINK	September 2024
◦ Android application for online elections with secure candidate registration and digital voting system ◦ Technologies: Java, XML, SQL/SQLite, Firebase with automated result management capabilities	

CERTIFICATES

Responsive Website Basics: Code with HTML, CSS, and JavaScript CERTIFICATE	October 2023
◦ University of London - Mastered responsive web design principles and modern frontend technologies ◦ Gained hands-on experience with HTML5, CSS3, and JavaScript for interactive web applications	
Google UX Design Professional Certificate CERTIFICATE	2026
◦ Completed industry-recognized certification covering UX design principles, user research, wireframing, and prototyping ◦ Built 20+ hands-on design solutions applying usability testing, interaction design, and user-centered thinking	
JavaScript Programming with React, Node & MongoDB Specialization CERTIFICATE	2025
◦ Unlock JavaScript potential and master cloud apps with key JS tech and NoSQL databases.
